Objectives:

The Federal Government has made drastic changes in the Income Tax Ordinance, 2001 (ITO) in last couple of years which made necessary for the people dealing in taxation matters of an organization as an employee, advisor or owner to have considered knowledge of handling day to day practical issues including but not limited to computation of taxable income, audit, assessment, advance and withholding taxes etc.

This may necessitate updating the understanding of various provisions of the Income Tax Law including amendments made through Finance Act, 2019 and subsequent Ordinances, Acts and notifications. Considering the heavy business commitments, pre-occupation of taxpayers and corporate personnel looking after taxation affairs of organizations and current economic and social crises due to Corona COVID-19 epidemic, we are pleased to offer **ONLINE** four days Fast Learning Programme on Income Tax Law to update the understanding of the participants on the contents given herein.
