of event

## PROGRAM CONTENT

- Introduction to report writing
- The Institute of Internal Auditors (IIA) report writing standards
- Internal audit reports - the way forward
- Importance of the executive summary
- Components of audit observation
- Finalizing an internal audit report
- Audit report quality and enhancements
- Improving the report review process

## PROGRAM OVERVIEW

Targeted at both new auditors and more experienced personnel, this training encourages audit professionals to challenge their approach to writing audit reports - the end result of weeks of reviews, analyses, interviews and discussions. Audit reports provide information to management on reviewed areas and, more importantly, brings issues to management's attention that need to be addressed. How well you communicate that information is critical to getting the results you seek.

The key learning benefits are:

- Understand the report writing provisions provided in the standards of IIA
- Analyse the typical audit report structure
- Enhance the impact of your reports

## WHO SHOULD ATTEND

This is a hands-on course that focuses on the organization and structure of audit reports, and includes case study activities for practicing the basics of audit report writing. The following job titles/ positions will benefit from attending:

- Internal auditors and assurance professionals
- Internal audit managers and supervisors
- Internal audit directors
- Internal control specialists
- Accounting analysts
- Professionals interested in improving their report writing
- Chief Audit Executives
